# Continue the Progress ...

## ★ Crime and Public Safety:

Newark needs an increase in police presence and foot patrols. I believe that the effectiveness of the police department is enhanced when residents act as the eyes and ears of the police department. Upon re-election, I will continue to encourage community involvement through the development of strong partnerships between block/homeowners associations and the Newark Police department.

## ★ Jobs:

As the chairperson of the Newark Municipal Council's Affirmative Action Committee, I will continue to enforce the existing city ordinance calling for 40 percent hiring of Newark residents. I will continue to support programs and initiatives that offer job readiness, skill and apprenticeship training for Newark residents in fields that provide longterm employment opportunities as an alternative to crime and vagrancy.

## ★ Education:

I will continue to lobby for local control of our school system in an effort to foster a sense of ownership and pride of our youth's accomplishments. I will continue my campaign to have parents send their children to school with the will and desire to learn. I believe that our youth should be acknowledged citywide for academic, athletic and social achievements.
